Combi-MR

Multi-directional Reach truck

The Combi-MR is an multi-directional stand on reach truck which offers superb manoeuvrability and safety in the tightest working conditions.

This compact truck features one rear wheel drive with a large rubber tyre and 360° steering rotation. The multi-functional controlled joystick allows the operator to change direction and travel speed in a smooth seamless motion, in addition to full control of all the hydraulic functions. This contributes to faster procedures for manufacturing distribution and logistics operations.

Features Include

- Standing Operator Over-Head Guard
- Multi-Direction Operation
- AC Electric Steering
- AC Motor Technology
- Multi-Function Joystick

Optional Integrated Hydraulic Fork Positioner
